

Immigration and Citizenship

I can be of assistance to constituents with pressing immigration concerns. However, at this time the U.S. Citizenship and Immigration Service (USCIS) is experiencing a tremendous backlog in processing individual applications with the USCIS. This backlog has caused longer processing time for all applications. The background security checks can take up to four years to be completed and I fully agree with the necessity of these checks for our national security. While I am not able to make your petition go any faster, I will be happy to regularly check on its progress and make sure it is not lost.

- I am happy to ask for the status of your application to ensure your paperwork is within normal processing times. You can also do so by using the Case Status Online Service.

If you are in need of my assistance please fill out an Immigration Help Form and return to my Walnut Creek office attention Casework.
