Rep. Ellen Tauscher Votes to Re-Authorize Children's Health Insurance Bill

Washington, DC — Today the House of Representatives voted to re-authorize the State Children's Health Insurance Program. Rep. Tauscher voted for the measure and released the following statement

"Right now access to quality healthcare for over ten million American children hangs in the balance. I voted for this bill so that we can grow the number of children who get the care, attention and medicine that they need. I urge the President to drop his indefensible veto threat and allow the Congress to proceed with legislation that I believe is a moral imperative."

Rep. Ellen O. Tauscher
