Rep. Ellen
Tauscher Applauds Calif. Supreme Court for Overturning Gay Marriage Ban

Washington, DC - In response to The California State Supreme Court overturning a ban on same-sex marriages; Rep. Ellen Tauscher released the following statement in support of the Court's decision.

"This is the right decision for California and I hope the rest of America will follow suit. Marriage is a civil right. When we withhold it from one segment of the population we are doing a disservice to the principles of fairness and equality upon which our country was founded. I will continue to work in Congress to achieve this level of equality on the issue of marriage as well as related issues like the repeal of Don't Ask Don't Tell, a policy that is preventing otherwise fully qualified men and women from serving their country in the military and by doing so damaging the readiness of our Armed Forces."
